# Introducing Coaching Flows and Coaching Profiles

The Competency Coach DNA Blueprint is a powerful system designed to help you uncover your natural coaching identity, elevate your strengths, and create measurable transformation for your clients. At the heart of this system are two core concepts: your Coaching Flow and your Coaching Profile.

These are not just personality types, they are insights into how you think, lead, communicate, and create impact as a coach. Your Coaching Flow represents your instinctive energy, while your Coaching Profile gives structure to how that energy plays out in real-world coaching.

Understanding both will help you:

- Gain clarity on what makes you effective.
- Recognise where you get stuck or out of alignment.
- Know which clients and environments are best suited to your strengths.
- Develop a plan for long-term mastery in your coaching practice.

## The Four Coaching Flows
